Foundation Science Course

Any ART, COM, ENG, FRE, GER, HUM, ITA, LIT, MUS, PHI, RUS, SPA, THR (6)⁴

Electives or HUM/SOC Foundation Courses

CST 113 Introduction to C++ (3)⁵

CIS 141 Introduction to Computer Science

Any CIV, EET, EGR, MET Course (3)⁶

Foundation Engineering Course

¹ Validation required – student must take an upper level Marketing course at Clarkson University.

² Course is highly recommended as an elective as it satisfies the OS 286 Organizational Behavior Foundation requirement at Clarkson University.

³ Clarkson requires one additional lab science course. Does not need to be in sequence with previous course.

⁴ Language courses must be 200 level or higher to meet foundation requirements. Introductory language courses will transfer as free electives.

⁵ Students interested in the Information Systems & Business Processes major should take CST 113 Introduction to C++ at BCC rather than a second liberal arts elective. This will fulfill the CS 141 Introduction to Computer Science requirement for this major at Clarkson.

⁶ Students may take Any CIV, EET, EGR, MET course to meet Clarkson's Foundation Engineering requirement or this requirement can be met at Clarkson.
