

Faculty Position
Department of Chemical and Biomolecular Engineering

The Department of Chemical and Biomolecular Engineering at Clarkson University invites applications for a tenure-track faculty position. The search is aimed at entry-level candidates at the Assistant Professor level, but exceptionally qualified applicants may be considered for more senior appointments. The Department seeks individuals with an outstanding academic record and a demonstrated commitment to excellence in undergraduate and graduate education, and who are capable of establishing a strong international research reputation. Applicants should possess a Ph.D. in Chemical Engineering or a closely related field. The Department is interested in candidates with research expertise in one of Clarkson's research focus areas: Environment and Energy, Bioscience and Bioengineering and Advanced Materials. The successful candidate can find opportunities to work closely with Clarkson's Center for Rehabilitation Engineering Science and Technology (CREST), Clarkson's New York State supported Center for Advanced Materials Processing (CAMP), Clarkson's Clarkson's Center for Air Resources Engineering and Science (CARES) or Clarkson's Center for the Environment. These centers provide significant facilities in support of faculty research. The successful candidate is also expected to teach undergraduate and graduate chemical engineering courses.

The department has a substantial undergraduate program and a strong graduate program, and is fully committed to supporting new faculty in their efforts to establish a strong research program. This includes providing funds for equipment and the assignment of graduate teaching assistants supported by the Department. Review of applications will begin November 1, 2008 and will continue until the position is filled. Please submit a letter of application, resume, a statement of research plans, a statement of teaching interests, a set of representative publications and a list of four references to:
