Please review before completing:

Prior to participation in the co-op program, a proposed schedule for completion of the student's academic program (including the work period) must be approved by the student's advisor, SAS Representative and the Career Center. It is important that this information be accurate and that any changes be forwarded to the Career Center *immediately*. Please indicate if each course is required or an elective in the student's program. The most recent Register of Course Descriptions and Summer School brochure should be reviewed to determine the courses likely to be offered each session if the student is interested in summer school
