TE Central does not provide the phone number of our TELO's or FACHEX Administrators. Email is your best communication option! Additional information may be available on the search page. Please take the time to read the entire page!

What is my employer's eligibility guideline?

- Contact your employer.
- See previous slide for determining your TELO or FACHEX Administrator contact information.

Consider checking your Employee Handbook and search your campus Intranet – key word search Tuition Exchange, FACHEX, or Tuition Reimbursement.

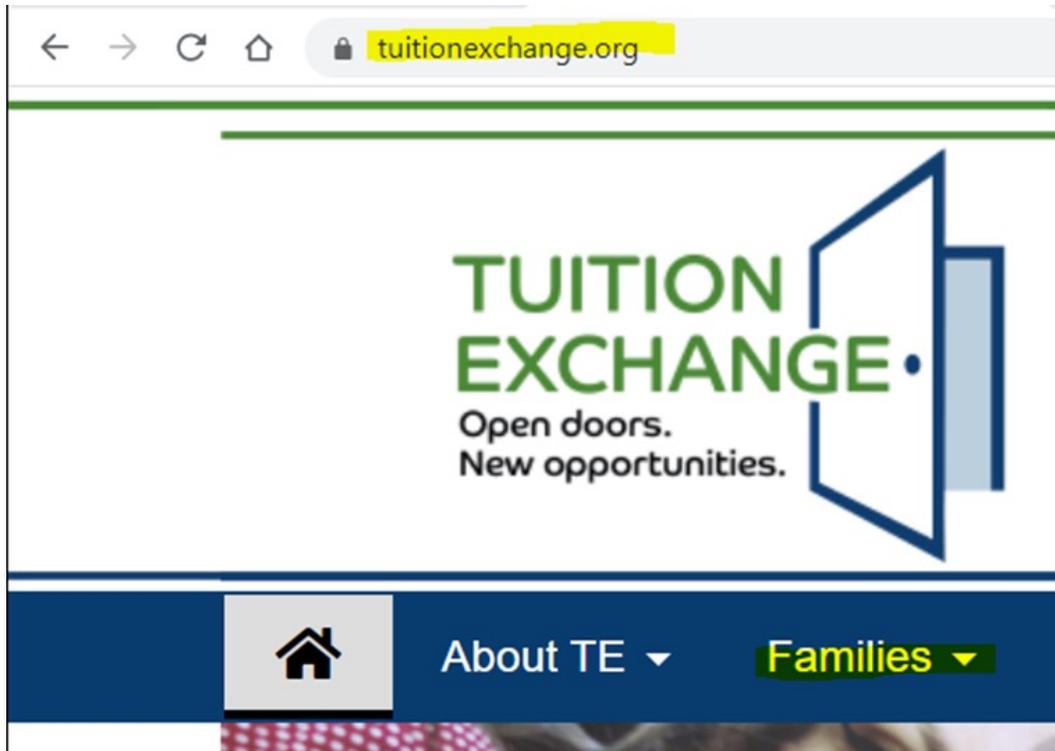

Many TELO's or FACHEX Administrators offer Lunch and Learns or evening programs on your school's Exchange programs. Be sure to watch your email for information.

Many employers require a certain length of service to be considered eligible.

Tuition Exchange or FACHEX is not a guaranteed employee benefit.

There is no guarantee your student's application will be selected for Export or Import consideration.

Your student must be applying for admissions and be admitted before Tuition Exchange or FACHEX funds are considered and potentially extended to your student.

EZ Online Application

Instructions

The EZ application is for NEW students only. Continuing scholars should not complete this application. If you have questions regarding this application process, please contact your Liaison Officer or Administrator at your Export (employer) school.

Tuition Exchange is the proud host for the FACHEX scholarship system. If you are employed at a participating FACHEX school, the EZ application is available at both FACHEX schools and Tuition Exchange schools. If you have questions specific to the FACHEX Program, please contact your FACHEX Administrator directly.

The online application process has three (3) steps:

1. **The employee completes the online application (EZ app).** Once you click submit, the completed application goes to your employer's Liaison Officer or Administrator for certification of export eligibility (i.e., the employee is eligible for the exchange opportunity now).
2. Once **the export eligibility is reviewed and confirmed eligible by your employer**, the EZ application(s) is certified and sent to the importing school(s) selected by your student on the EZ form.

Emails are sent to the student applicant and employee once the applications are certified and forwarded. It is essential for you and your dependent to provide valid email addresses. The host email address is noreply@tuitionexchange.org. You are encouraged to check your SPAM account if you don't receive an email acknowledgment directly in your mailbox. The student should complete his/her application(s) for admission by the filing deadline(s) specified by the import school(s).

If the EZ application is determined ineligible for certification (i.e., the employee is NOT eligible for the exchange opportunity at this time), the employee receives a certification denial email and the EZ application(s) is NOT forwarded to the schools selected by the student. For questions about why your EZ application request was denied certification, contact your employer's Liaison Officer or Administrator directly. The Tuition Exchange Central Office will not be able to respond to employee eligibility questions.

3. At this point, the importing schools take over the EZ application review process. The Import school will notify the exporting Liaison Officer or Administrator and families once an Exchange scholarship eligibility decision is made. Notification usually occurs in the spring and is shared via an award letter or financial aid award notification.

Other important items

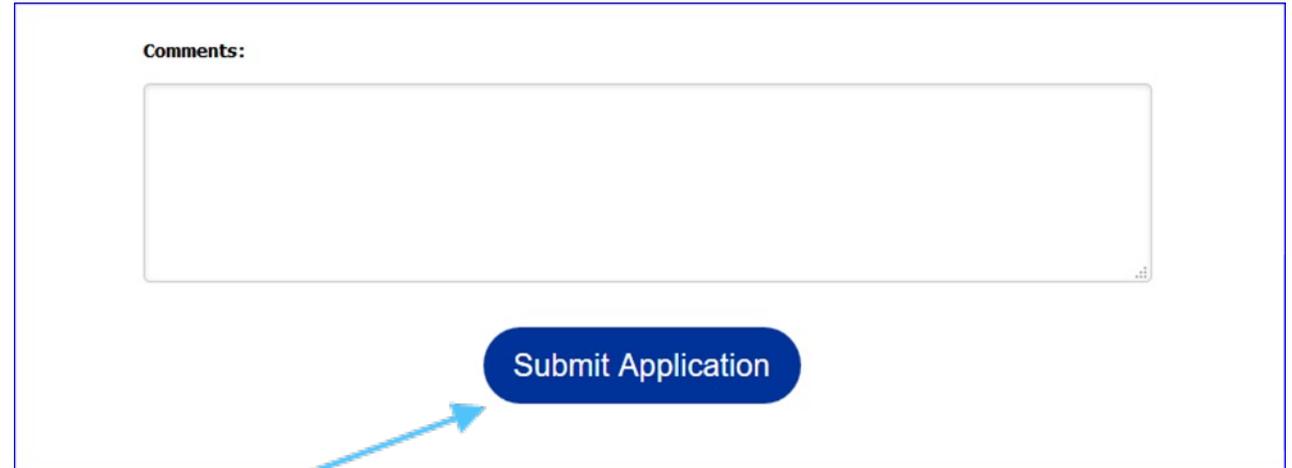

The EZ app limits the application options to 10

Should you need more than 10 visit with your TE Liaison Officer directly

Tuition Exchange is a scholarship – not an employee benefit

If your application is submitted correctly AND all emails are valid both parent and student receive confirmation emails

Don't forget to Submit the application

The image shows a screenshot of a web application form. At the top, there is a label 'Comments:' followed by a large, empty rectangular text input field. Below the input field is a dark blue button with the text 'Submit Application' in white. A blue arrow points from the 'Don't forget to Submit the application' text on the left towards the 'Submit Application' button.

The information is then shared with your TELO/FACHEX Administrator. The TE Liaison Officer/FACHEX Administrator reviews the applications for your employer's decision based on your employer's guidelines.

What's next

Once the EZ application is submitted, the screen details the names of the schools the application is to be submitted.

REVIEW the list confirming that your application includes each school your student is interested in attending.

- There are several schools with similar names – be sure you selected the correct school in the right state.

The next step is for your employer to certify your EZ application.

- Approved means your student applications are shared with the school(s) your student selected as a **potential** IMPORT school.
- Deny means the employee does not meet your Employers' eligibility guidelines.

Emails are sent to both the student and employee if the EZ application is approved for potential export.

If you discover errors, contact your TE liaison officer – TE Central is unable to help you.

In the case of denial – only the Employee receives an email

- Questions about why denied? Contact your employer. TE Central has no knowledge of why.

Tuition Exchange is a scholarship program NOT an employee benefit.

Even in the case of your employer agreeing to EXPORT does not mean the IMPORT school will fund the student. There are no guarantees in the Tuition Exchange program.

Timing of Admission Applications and TE/FACHEX Scholarship Applications

Timing of Export approval is up to the EXPORT TELO or FACHEX Administrator.

It is important that your student submits all admissions applications and required documents timely to the schools where the EZ app submitted.

Generally TE or FACHEX applications without a corresponding admissions application are not reviewed or offered any Exchange funding opportunities.

Email example

As your student's TE or FACHEX application moves through the system, emails generate updating both the student and the employee of action taken.

The system does not generate emails unless action occurs.

If you have questions about the EXPORT process – contact your employer.

If you have questions about the IMPORT process – contact the Admissions Office or TELO/FACHEX administrator at the IMPORT school.

TE Central is unable to provide you any information about your student's application.

Dear Employee,

Your applications are now recorded and await your employer's approval. The next step will be review and approval or denial by your employer. If you have questions about next steps, please contact your Liaison Officer.

Check Application Status

Another way to track the EZ application is to use the Application Status option.

The information entered is student information and must be EXACTLY the same as the information entered on the EZ application

If you are having difficulty connecting with the app, contact YOUR TE Liaison Officer or FACHEX Administrator. TE Center will not provide information.

As mentioned on the prior slide and provided you entered valid emails on the EZ application, the student and employee receives emails as application action occurs.

Use the student id information entered on the student's application to access your EZ app account.

Should questions arise, contact the correct TELO or FACHEX Administrator.
