Service of this plan

Coverage is provided by Nationwide, long recognized among U.S. companies for its superior financial strength and exceptional customer service. Enrollment, administration and claim processing are handled by Haylor, Freyer & Coon Insurance Agency.

As your insurance representative and at your direction, is it our role to procure insurance proposals on your behalf, to place coverage per your instructions and provide policy service during the policy term. Insurance companies pay us a sales commission on policies we place with them. The amount we are paid may vary among the insurers we represent. We may receive additional compensation through a contract provision with an insurance company that is contingent on our overall profitability and/or premium volume with the carrier. At your request, we will provide information on the actual compensation we expect to receive from the sale of insurance policy(s) to you, or what we would have expected to be paid had you selected any alternate quotations that we might have presented to you.
