This estimate includes housing, food, books, personal expenses, and travel. We are unable to offer scholarships. Students must be able to prove they have the funding to attend Clarkson before visa documents will be issued.

ACCOMMODATION & ACTIVITIES

All exchange students are required to live on campus. Students do not need to apply for housing, it is **guaranteed**. Students will be housed in apartment style housing with other international and US students. Students are required to depart campus within 24 hours after their last final exam. **(Exchange students must depart campus by 10 am on the day after final exams end.)** For more information visit our [Residence Life Website](#).

Clarkson has over 200 student organized clubs and groups that exchange students are welcome to join! [Social@Clarkson](#) is the place to search!

Students must complete health forms before coming to campus and absolutely before attending classes. Students may need to see a doctor prior to being able to complete these forms. These forms are accessible to the student after they receive their acceptance letter and must be completed in English. Late fees are incurred if not submitted by the due date.

Health insurance is mandatory and proof of health insurance will be required upon arrival. Students holding a J-1 visa status must meet required standards as outlined in their documents.

Recommended airport of arrival: **Hancock International Airport (SYR) in Syracuse, New York**

From SYR students catch the [Trailways bus](#) which makes only one trip per day north to Potsdam arrives directly at Clarkson's campus! Canadian airport arrivals are **highly discouraged** as there is no public transportation to the US.

Once students arrive on campus, they will be greeted by our Global Ambassadors and escorted to their accommodations/housing provided they have submitted their arrival details.
